Re: Childs Landscape Contractors, Inc.  
Annapolis Town Center

My name is Jack Adamecz and I am a long-term employee in the Recreation & Parks Department of Anne Arundel County.

Childs Landscape has worked under an open PO for over 15 years, completing various landscape services for all branches, under my direct supervision from design and estimating to facilitating the work. This work has been completed at parks, schools, along the shores of our tributaries and the Chesapeake Bay, as well as, historic county properties. Through these years, I have forged a great relationship with their team.

Childs Landscape has always performed any task at the drop of a hat, always willing and able to do whatever it takes. Whether it be an emergency, a beautification project, ball field renovations, or a major clean-up; they have always come through with excellence.

Their team is nothing short of skilled and professional with an attention to detail and customer service being second to none.

Without hesitation, I would highly recommend Childs Landscape for any project; especially one that I drive by daily to and from my AACO office on Riva Rd. Rest assured, Childs Landscape would handle your project trouble free.

Please feel free to contact me at 410-222-7571.

Sincerely,
