Dear James:

The Delventhal Company would like to extend our appreciation to your company for a project that was completed in a timely and professional manner.

The owners, along with La-Z-Boy, Inc., were very pleased with the final product. The project was completed one day early, which was great considering the demanding schedule. We look forward to possibly working with everyone again if the opportunity arises.

Thanks again for all of the hard work on this successful project!

Sincerely,

Todd Delventhal
