

To Whom it may concern,

This year, J.R. Vannoy & Sons, Inc. constructed a Lowes Home Improvement Supercenter in Easton, Maryland. We chose Childs Landscape Contractors, Inc. for our irrigation and landscape portions of this project, a contract valued at over three hundred thousand dollars. Childs Landscape did a great job and used quality material in completing this project on a strict schedule. They especially came through at the critical job close out, certificate of occupancy phase of the project. We intend to keep Childs Landscape on our bidder short list and can recommend Childs Landscape as a dependable and professional Contractor.

Sincerely,

Ken C. Sparks
